

2020 ANNUAL REPORT

PRESIDENT'S REPORT

Dear Friend and Neighbor,

I have been deeply touched by the support that we have seen for Buchanan Hall this summer. The opportunity to once again open our doors and have folks enjoy our gardens and grounds has given me personally a sense of normalcy that I have been desperately craving. We have all had this devastating shared experience that has crippled many non-profit organizations, but we will make it through with hard work and innovative ideas on community events.

The funds raised by this appeal will subsidize operations during 2021/2022, including payment of the mortgage, utilities, the salary of our part-time Administrative Director Montana Ruffner, as well as supporting new community events hosted by the Hall. Buchanan Hall's charitable 501(c)3 Mission has been to provide a central location for the Community of Upperville and its surrounding neighbors to gather in fellowship for community and cultural events. During the recent months, the Hall sponsored the following events:

- **The Hunt Country Market**, Every Wednesday, beginning May 12th, we invited guests to shop a collective of the best farm and artisan products curated in the heart of Hunt Country, while enjoying Live Music from some of our favorite home-grown performers.
- **Piedmont Symphony Orchestra's Spotlight: Live in Concert!** Thrilled to have had the triumphant return to the stage, the healing power of music with the PSO. Virtuoso Pianist Thomas Pandolfi performed Mozart's Joyful Piano Concerto No. 12, and a program that also included Copland's "Appalachian Spring" and Still's "Dances of Panama."
- **Tour De Conservation Easement presented by Land Trust of Virginia**, the all-new Tour De Conservation Easement Gravel Ride on the beautiful roads and through gorgeous private properties of Loudoun and Fauquier county.

We want to make sure we can provide you with a venue that you can take ownership in. If you need us for a wedding, memorial, quinceañera, or party of any kind, we want to be able to provide a relaxed and elegant space nestled in your hunt county. We have made it a priority to keep our rates for community members extremely affordable while also having community events that cater to the interest of our guests, but to achieve this, we need to rely on our neighbors and Friends to provide whatever support they can.

We ask for your help in supporting this vital civic and cultural Cornerstone of Upperville.
